

Tired of paying too much for ink cartridges? Compatible cartridges not working out? Had it with messy refill kits?

Brand name cartridges sold through the office supply mega stores cost an arm & a leg. That's how the big corporations stick it to you when you buy their seemingly low cost printers. On the other hand the compatible cartridge industry is flooded with low quality hand-filled cartridges, messy refill kits, shady websites and unqualified refill stores.

Who can you trust? Introducing...

fOCUS
Brand Inkjets

Quality, Performance and Savings

Award winning **Focus Brand Cartridges** are superbly remanufactured in a state of the art facility with advanced technological equipment and strict guidelines. These high quality and low cost cartridges are produced to meet or exceed the original equipment manufacture (OEM) brand specifications & testing comparisons. **Focus Brand Cartridges**, solely produced in the USA, have such a high standard of quality & performance that they are backed with a 100% satisfaction guarantee for up to one year.
